Practice these lines will to see what your brush can do! Try pressing harder, lighter, and stamping your brush to make each line look different!

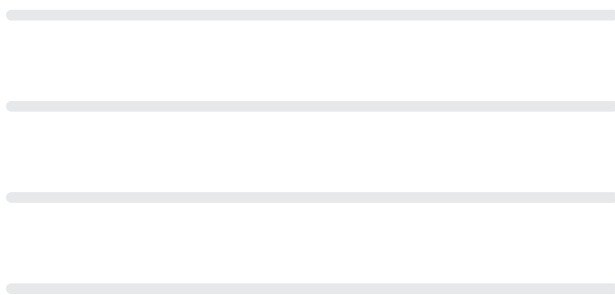

Thick Lines

Press hard to make a thick straight stroke.

Thin Lines

Press light to make a thin straight stroke.

Thick Wavy Lines

Press hard while moving your brush up and down.

Thin Wavy Lines

Press lightly while moving your brush up and

Stamp Your Brush

Touch the tip of your brush to the paper, then gently press it flat to make a petal shape. Hold your brush sideways, almost like it's lying down on the paper.

Thin Wavy Lines

Touch the tip of your brush to the paper and start to drag it. As you drag, gently press the brush flat. Hold your brush sideways, almost like it's lying down on the paper.

Thick to Thin Lines

Hold your brush sideways and touch the tip to the paper. Start to drag your brush with light pressure, then press harder. Here's the trick: try not to lift your brush! Repeat this thin-to-thick motion to make your line change size.

Color Backgrounds

Practice Sheets

Fill in the shapes below using a solid and a faded background. Then paint a beach sunset!

Solid Background

Faded Background

Layered Beach Sunset

Paint in the beach scene using the layering and background tricks you learned!

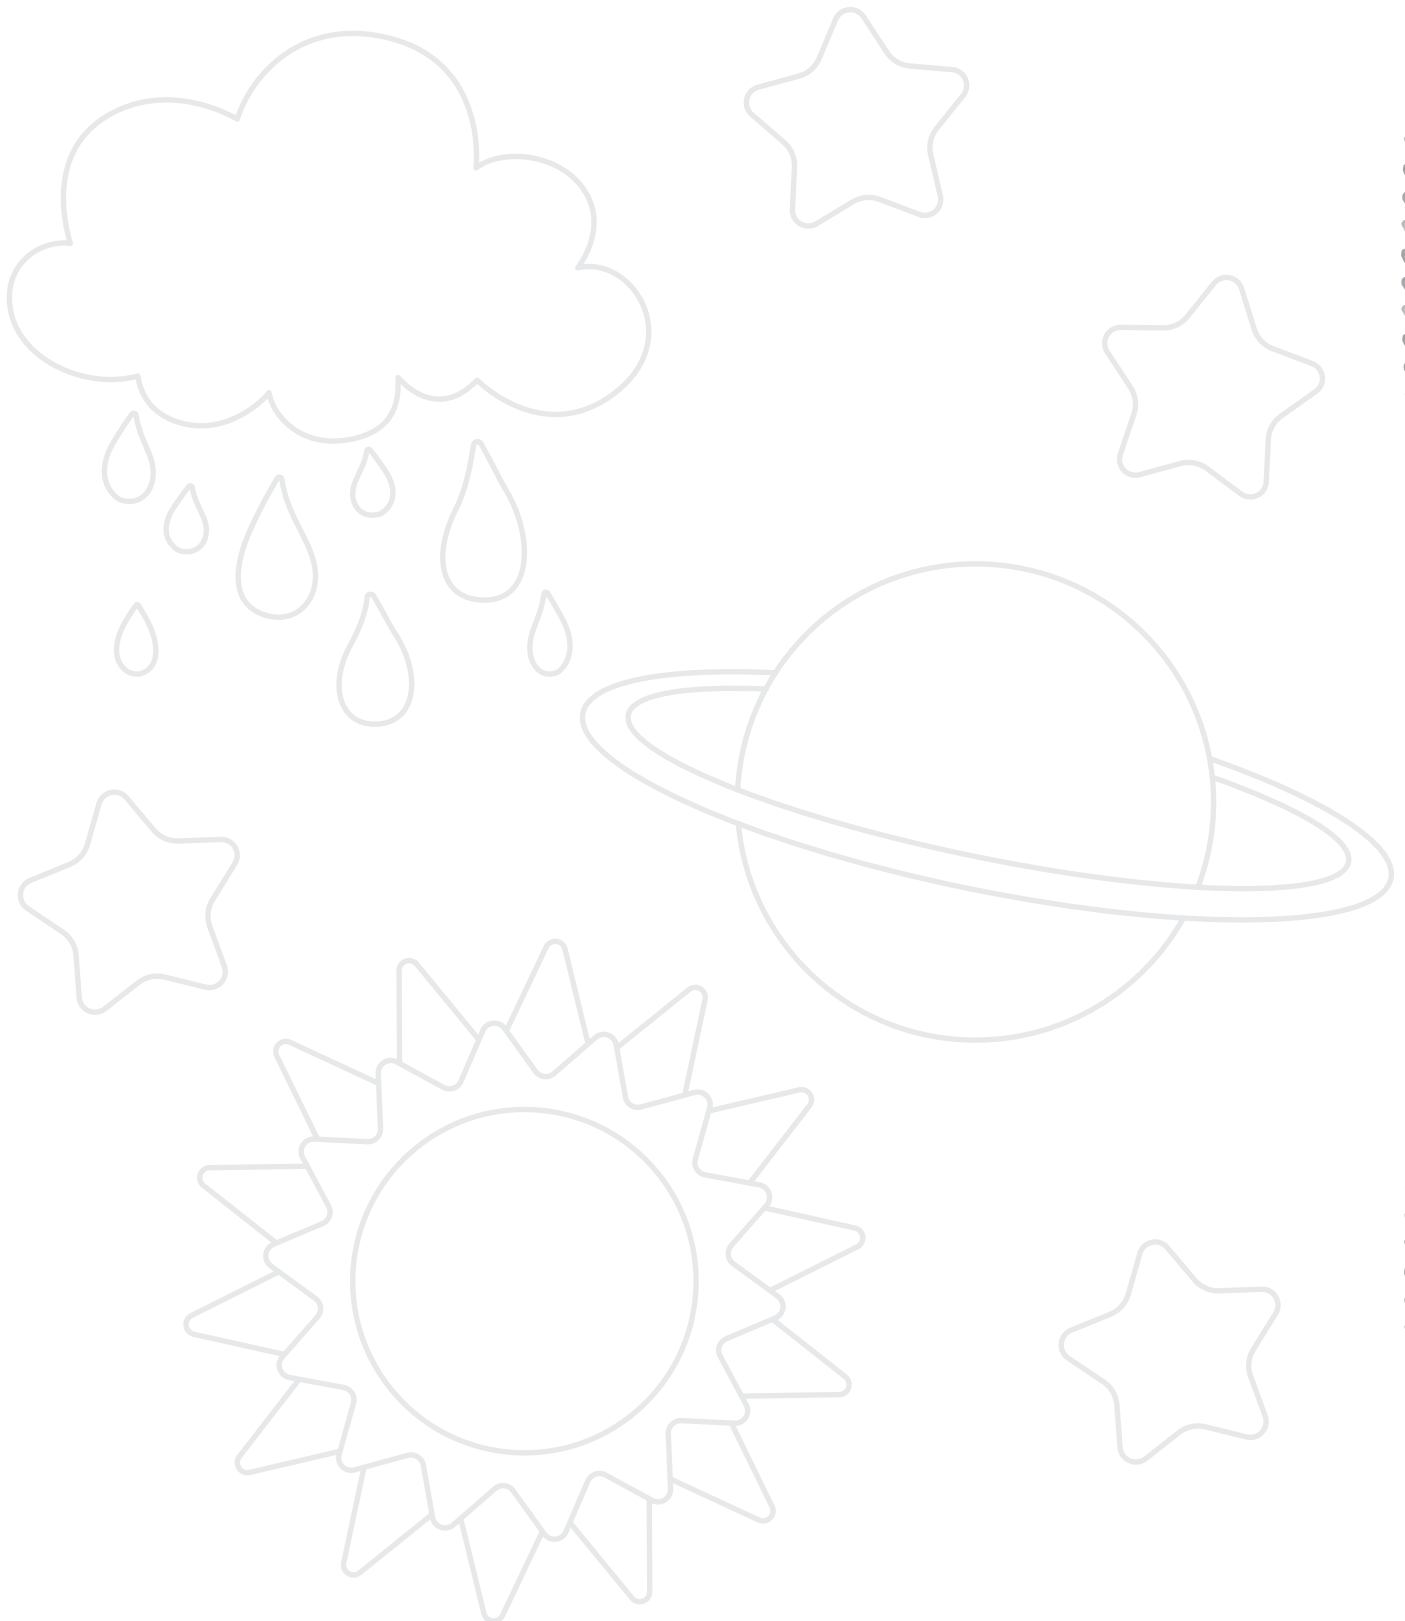

Bloom Painting

Practice Sheets

© 2026 ArtSkills, Inc.

Brush clean water on the paper (not too wet).
Then add paint and watch it move. Let it dry on its
own and watch your bloom freeze in time!

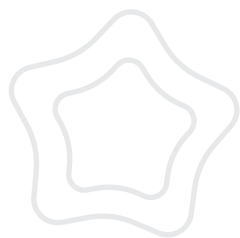

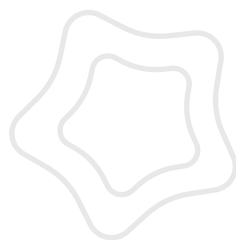

Wax Reveal

Practice Sheets

© 2026 ArtSkills, Inc.

Wax Reveal is a secret art trick! Outline the gummy candy shapes with wax first, then paint over it. Your hidden lines magically appear.

Color Layering

Practice Sheets
